The Investment Promotion Agency promotes Argentina as an investment destination, highlighting specific opportunities in key sectors; provides information on the country's economic situation and regulatory framework; and assists investors throughout the entire investment process, from finding the opportunities to executing the projects. The Trade Promotion team develops and implements a comprehensive program to help Argentine SMEs export and expand their business internationally.

COMPANIES AT ARGENTINA INVESTMENT AND TRADE PROMOTION AGENCY BOOTH / Location on fairground: Hall 2 / 411

ARGENTBIO

Products: Cane Sugar, cane sirup, chia, onions, rice, pulses, garlic, squash, shallots.

Street / (PC) City	Arias 1691, Floor 4, Suite C / (1429) Buenos Aires
Phone / Fax	0054 11 47040880 / 0054 11 47040880
Web page	www.argentbio.com.ar
Contact	Mr David Kiesewetter / david@argentbio.com.ar

ARGENTBIO was founded in 1996 by a group of young entrepreneurs that believed in the natural potential of Argentina to offer organic products worldwide and decided to change their lives and dedicate themselves to the passion of producing and to commercializing natural, healthy and sustainable foods. The company grew and developed jointly with the Argentine organic market, to become a leading producer, packer and exporter of organic garlic, onion, shallot and squash. The company also exports organic sugar, inverted syrup and liquid sugar.

BEES FOR HOPE (COOPSOL)

Products:

Street / (PC) City / Province	14 avenue des Cistes / (1383) Roquefort-la-Bédoule
Phone / Fax	0054 385 4370093 / 0054 385 4370093
E-mail / Web page	info@beesforhope.com / www.beesforhope.com
Contact	Mr Gonzálo Avila / gavila@coopsol.com.ar

COOPSOL is the largest organic honey production value chain in Argentina and integrated into WAYRA - Consortium Bio del Norte Argentino, based in the province of Santiago del Estero. The company aspires to consolidate the organic beekeeping as a development strategy because of its importance of generating development contexts, to improve the social, economic and environmental reality of the families and communities. The diversity of the territories of these communities is their potential, where beekeeping coexists with the breeding of small livestock, forest management, small plots of gardens, etc.
