ARGENTINE COMPANIES At BIOFACH

PROSAL (PARAMERICA)	
Location on fairground	Hall 2-416
Products: Dried plums	
Street / (PC) City / Province	Sargento Cabral S/N Campo Santo / (4432) Salta / Salta
Phone / Fax	0054 387 4903353 / 0054 11 43286719
E-mail / Web page	prosal@ingsanisidro.com.ar / paramerica.ar
Contact	Mr. Matías Ruiz (Trade) matiasruiz@paramerica.com.ar
<p>Paramérica is an Argentine agroindustrial company founded in 1994 under the values and culture of a family business, we have managed to position ourselves as a leading player in the international legume market. They have 20,000 hectares of their own fields for the production of grains: black beans, kidney beans, red beans and crambeary; chickpeas, corn and soybeans. They are one of the main references in the international market for black beans, its star product, which they export to the five continents. Likewise, with colored beans and the other bean categories, they entered the Middle East and Europe.</p>	

VALLESOL SAPEM	
Location on fairground	Hall 2-416
Products: Organic raisins	
Street / (PC) City / Province	Ruta de la Producción, s/n° Anguinan / (5363) Chilecito / La Rioja
Phone	0054 938 25522475
E-mail / Web page	info@vallesol.com.ar / www.vallesol.com.ar
Contact	Mr. Julio Alfredo Alarcon (President) julio.alarcon@vallesol.com.ar
<p>VALLESOL SAPEM is an industrial producer and packer of seedless organic raisins, with a presence in more than 15 countries. The company produces its grapes under the DOV (Dried on vine) mechanized harvesting system, a system that allows the grapes to be dried on the vineyard without the need to dry them on the ground, which normally leaves the grapes exposed to possible contamination. Thus, the DOV system allows its raisins to have a high degree of safety and innocuousness since they are practically free of contamination.</p>

LETIS is a company dedicated to the certification and auditing of international standards in quality and sustainability. Its certification system, extensive network of producers, processors and traders and its presence in international trade shows and seminars, make LETIS a link to the world. With a specialized team in every industry and field, LETIS works for local and global customers, with a vocation for innovation and personalized customer service.	

Main Landmarks:

1993: Third-country equivalent status for the certification of organic products destined for the European Union (Reg. 2092/91 and Reg. 3173/92 CEE).

1998: XII IFOAM Scientific Congress held in Argentina, with German presence and cooperation.

1999: National Law No. 25.127 for Organic Production was enacted, making Argentina one of the first countries in the world to regulate organic production. Cooperation efforts began.

2007: Regulation No. 834/2007 established production and labeling requirements for organic/biological/ecological products entering the EU.

Why Argentina?

- Reliable organic certification system since 1993.
- High production volumes and a wide variety of products.
- 2nd largest organic production surface area in the world.
- Sanitary and organic standard agreements and equivalency established with the USA, Canada, Brazil, Switzerland, Japan, Korea, and others.
- 2021-2030 Strategic Plan for the Organic Argentine Industry (PEA).
